*IFOY AWARD warehouse truck of the year 2015

Electric counterbalance fork-lift trucks

The TX3/TX4/QX2/MX electric counterbalance trucks are silent, easy to drive and efficient. They have top-class ergonomics with a fully adjustable driver compartment. An on-board truck computer offers PIN-code-access and service diagnostics. AC drive motor ensures high class performance and low running costs. The counterbalance truck range comes with a full range of mast systems and an efficient battery changeover system.

TX3 3-wheel counterbalance truck

Lift capacity 1250/1500/1600/1800/
2000 kg
Lift height up to 7 metres

2750/3000/3250/3500/3600 kg, LPG
Lift height up to 7 metres

It's all about
the price.
**But what
price?**

Reduce your Total Cost of Operation with UniCarriers

We agree. Price is everything. Or to be more specific: your Total Cost of Operation (TCO). That's why we're so focused on cutting costs and improving your material handling. The truck and its performance play an important role, but this is even more about how we can support you in optimising your warehouse operations to give you the best value for your money. Which – in the long run – is what creates a winner.
